Oil Portraiture with Model

Mon, June 21st – Friday June 25th, Week Long, 9:30a.m. - 4:30p.m.

Price: \$495

We will learn a system of oil painting which will transform your output, and paint along with the teacher using a live model. The course includes preliminary sketching with teaching on how to capture a likeness, what angle and placement to use, placing emphasis on composition, and help is available for critiquing the sketches and choosing the final drawing to transfer to canvas. Expert teaching is offered from portraitist Joanna McKethan, trained in the Old Masters traditions under a German master in oils in Munich, Germany. Trained and influenced by Thomas Buechner, editor of the definitive Norman Rockwell biography, she has worked for three years on a back-to-back portrait commission schedule. We will go from sketching to drawing to grisaille, to laying down an imprimatura, to various stages of layering in this intensive week set aside to push our portrait skills to the next level. Held at spaciouly renovated Art on Broad Atelier, 217 East Broad, in downtown Dunn, Carmine offers a ten-percent discount from Simply Divine Bed & Breakfast when you mention my course. Lunch at nearby gourmet Broad Street Deli or place of your choice increases the day's pleasure. Interested in one-day? Inquire by email or telephone.

\$150 registration required by June 11th, balance due immediately on day course begins.

Supply list & agenda on receipt of registration.
